

Subject: Help Shape the Future of Marine Rescue in Mallacoota

Hi all, it's me again.

The short version:

Please take a moment to check out the new proposal website 🖱️ <https://mmsar.au>

If you want to see a proper, functional marine rescue service in Mallacoota:

✅ Complete the **Community Survey**

✅ Make a **Pledge of Support**

Locals, visitors, friends—your voice matters.

It only takes a minute and makes a big difference.

The longer version (for those who want more detail):

Mallacoota has the assets—two rescue boats on trailers, two vehicles, and a \$6 million new rescue facility under construction.

What we don't have is a **functional, local marine rescue crew**.

The local flotilla (VF15) remains under administration. Right now, it's only operational when Gippsland Squadron sends a skipper down from Lakes Entrance or Paynesville—about once a month. That leaves us **non-operational (Code 0)** most of the time.

As someone who's spent hundreds of hours gaining the necessary qualifications to train and support crew locally, I can say with confidence that **Mallacoota has the potential** to do much better—if we take local action.

I see three options going forward:

1. **Do nothing.** AVCGA will continue as they have, and the local service will remain minimal.
2. **Merge with SES.** A joint model exists elsewhere in Victoria and we'll be co-located soon. But this may deter some potential volunteers.
3. **Form a new, locally managed MMSAR unit.** This is my preferred solution. It works elsewhere and would allow us to rebuild the team with local leadership and proper support.

Please take a look at what I've put together at:

📊 [Take the Survey](#)

👉 [Make a Pledge](#)

Even if you're not planning to volunteer, your voice helps show community support.
Feel free to forward this to anyone who cares about marine safety in Mallacoota.

Thanks for all the support,

Colin Dixon 0419 415000

 col@dixon.au mallacootamsar@gmail.com

And here's a matching **social media post** to go with the logo:

 Mallacoota Needs a Real Marine Rescue Service

We've got the boats. We've got the gear. Now we need people.

Help shape the future of local marine safety:

-  Fill out the survey
-  Add your name to the pledge

Locals, visitors, and friends — your voice matters.
